## IF I HAD MY LIFE TO LIVE OVER

By Erma Bombeck

I would have gone to bed when I was sick instead of pretending the earth would go into a holding pattern if I weren't there for the day.

I would have burned the pink candle sculpted like a rose before it melted in storage.

I would have talked less and listened more.

I would have invited friends over to dinner even if the carpet was stained or the sofa faded.

I would have eaten the popcorn in the good living room and worried much less about the dirt when someone wanted to light a fire in the fireplace.

I would have taken the time to listen to my grandfather ramble about his youth.

I would have shared more of the responsibility carried by my husband.

I would never have insisted the car windows be rolled up on a summer day because my hair had just been teased and sprayed.

I would have sat on the lawn with my grass stains.

I would have cried and laughed less while watching tv and more while watching life.

I would never have bought anything just because it was practical, wouldn't show soil or was guaranteed to last a lifetime.

When my kids kissed me impetuously, I would never have said, "Later. Now go get washed up for dinner". There would have been more "I love you's" and more "I'm sorry's".

But mostly, given another shot at life, I would seize every minute...look at it and really see it, live it and never give it back. Stop sweating the small stuff. Don't worry about who doesn't like you, who has more or who's doing what! Instead, let's cherish the relationships we have with those who do love us.

Let's think about what God has blessed us with. And what we are doing each day to promote ourselves mentally, physically and emotionally.

I hope you all have a blessed day.
